

SWINDLER'S TWIST

or

RE-EDUCATING THE GERMANS NOT TO HATE JEWS

BY THOSE WONDERFUL PEOPLE WHO GAVE YOU SABRA AND SHATILLA

now showing at a cinema near you

The film *Swindler's Twist* not only swept the board at the Oscar ceremonies but attracted mass audiences throughout sick, anti-white Britain and guilt-ridden Germany. Director Stephen Spielberg said he had made the film because he was horrified at the activities of so-called holocaust deniers. How could anyone deny the holocaust he asked, like so many other professional Jewish propagandists. He also commented that if he had been at Auschwitz in 1944 he would have gone up in smoke like six million others. What he might have added was that if he had been at Auschwitz in 1945 after the liberation, he would have been churning out pseudo-documentaries like his kosher buddies in Hollywood, portraying the victims of mass starvation and typhus as the corpses of "exterminated" Jews.

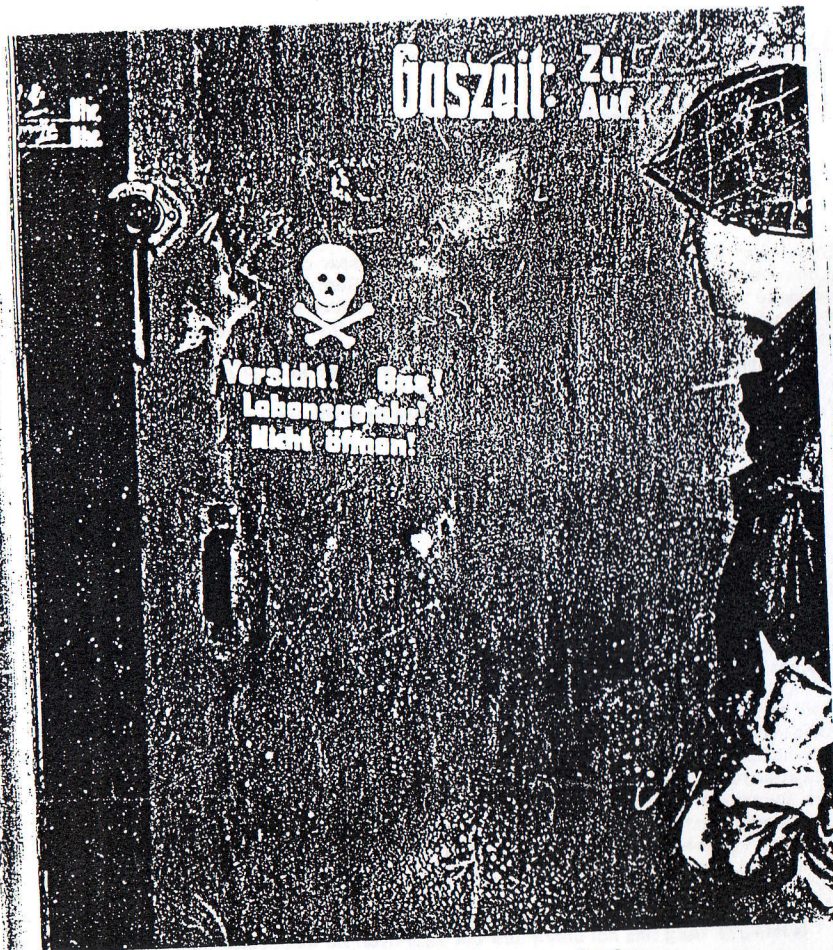

HOW CAN ANYONE DENY THE HOLOCAUST?

How indeed *could* anyone? Only Nazis and conscious liars could even suggest such a thing. On the following pages you will see two photographs of the Dachau gas chamber; proof positive surely that the Nazis did indeed gas Jews and that the gas chambers were real? These photographs were published in September 1945 by the Daily Mail newspaper. "The butcher's hooks, the ovens, the gas-chambers, the torture cells, the whipping posts were common to all the camps," it was claimed. It was also claimed that these shocking photographs "may well play a useful part in the re-education of the Germans." There is though one big problem with the photographs of this gas chamber and the pile of "gassed" corpses. They never existed. Who says so? The Encyclopaedia of the Holocaust, that's who! Published in Jerusalem in 1990 and edited by the impeccably Jewish Israel Gutman, this standard work on the holocaust has the following to say about the Dachau gas chamber: "when some witnesses let their imagination run free and incorrectly claim that the DACHAU concentration camp had working gas chambers, the revisionists pounce on this discrepancy", (Volume II, page 685).

Other Jewish historians echo this, Deborah Lipstadt and Gitta Sereny for example. The Dachau gas chamber never existed, the claim that people, Jews or otherwise, were ever gassed in Dachau, is a terrible mistake which has been exploited shamelessly by those wicked holocaust deniers, who are all Nazis, of course.

Again, this is not quite true, because some holocaust deniers - we prefer to call them Revisionists - are Jewish. The late J.G. Burg was not only a Jew but a survivor. He was beaten up by Zionist thugs for his troubles, as was a Jewish holocaust Revisionist of the younger generation, David Cole.

The Zionists collaborated with the Nazis, whipping up anti-Semitism in Europe to encourage Jews to emigrate to Palestine where they joined in the American-fascist-imperialist war that resulted in the expulsion of the Palestinian people from their homeland. When it became obvious that the Nazis would lose the war, the Zionists double-crossed their jackbooted buddies and claimed they'd been gassed as part of the Final Solution to the Jewish problem. These facts are well known to the Palestinian

people and to the Moslem peoples of the world generally. In Moslem Malaysia *Swindler's Twist* was banned as "propaganda against the German race", while Jordan and other Islamic states suppressed it for fear of its causing pogroms, such is its blatant propaganda content.

THE HOLOCAUST - WEIGHED IN THE BALANCE AND FOUND WANTING

There is a school of thought which says that if you keep repeating a lie, be it ever so huge, it will eventually become true. Michael Grade and his friends at Channel 4 have gone over the top in recent years to convince us that "survivors" from Kitty Hart to Esther Brunstein are expert eyewitnesses who should be believed uncritically. But what about Rudolph Vrba? Who is he? Dr Vrba is one of the authors of the War Refugee report, that's who. This was published in the United States in November 1944 and is still considered one of the strongest "proofs" that Jews were gassed in Auschwitz?

It's probably crossed your mind that if the Dachau gas chamber which was photographed by the Allies did not exist, how do we know that the Auschwitz gas chamber really existed? Because Dr Vrba told us, that's how. We haven't been able to obtain a copy of the War Refugee report - it's too embarrassing nowadays so has been quietly buried, but we did manage to obtain a copy of Dr Vrba's 1963 autobiography *I Cannot Forgive*. Here is what he had to say about a gassing in this "eyewitness testimony"

"new gas chambers, with their clever dummy showers and their notices 'Keep Clean', 'Keep Quiet' and so on, were packed to capacity."

"babies and very small children were tossed onto the heads of the adults and the doors were closed and sealed."

"An S.S. man, wearing a heavy service gas mask, stood on the roof of the chamber, waiting to drop in the Cyclon B pellets which released a hydrogen cyanide gas."

Indeed, indeed, while in another passage, Vrba reports that a groups of Jews about to be gassed "sang the Czech and Jewish National Anthems all the time and they just walked straight into the chambers." This is reminiscent of another "eyewitness testimony" which recounted the gassing of a group of Dutch and Polish Jews

"In the gas chamber, a Polish girl delivered an impassioned speech, exhorting the assembled Jews to avenge the Poles. Profoundly moved, the Poles knelt and sang the Polish national anthem, in their last moments full of hope for the future of their nation. With that, everyone...burst into the Internationale, and died amidst song in the ecstasy of dreams of universal brotherhood and a better tomorrow." (From page 99 of the book *Auschwitz: Zeugnisse und Berichte*).

This nonsense is too transparent to warrant further mention, but it was only in 1985 that Dr Vrba admitted that his "eyewitness account" was in reality a "portrait", ie a lie. Under cross-examination at the trial of German-Canadian Ernst Zundel for "hate crimes" he admitted, after forty years, that he had never seen a gas chamber. He might have added that he had his own room at Auschwitz and carried on a passionate love affair with another inmate.

THE REAL HOLOCAUST IS HAPPENING NOW IN OCCUPIED PALESTINE - OR WHY A MILLION ARAB ARE NOT WORTH A JEWISH FINGERNAIL

In February, a Zionist fanatic, Dr Baruch Goldstein, went berserk in Hebron and massacred up to fifty people, Moslems at prayer. The world was horrified; in London, the Chief Rabbi Dr Jonathan Sacks condemned the outrage. He said he was saddened as much as disgusted by the reaction of a Zionist rabbi who claimed at Goldstein's funeral that a million Arabs were not worth one Jewish fingernail. The leaders of atheistic Zionist Jewry didn't give a fig though, they had more important things on their minds, in particular dragging a nutty old woman into court under the Race Act for publishing deranged ravings about ritual murders in Golders Green.

Twelve years ago the Zionists were responsible for another massacre of innocent Palestinians. Up to a thousand people, mostly women and children, were exterminated in the Lebanese refugee camps of Sabra and Shatilla. Again, there was a worldwide outcry, but the Zionist propaganda machine moved

into action almost immediately, and within weeks it was quietly forgotten; the Board of Deputies of British Jews was soon busy making representations to the Home Secretary about far more serious matters, vandals daubing swastikas on synagogue walls.

The Zionist imperialists and fascists are the new Nazis. Their master race ideology is simple - ISRAEL UEBER ALLES. Anyone who opposes their imperialist designs is an anti-Semite and deserves to be wiped off the face of the earth. The time has come for the oppressed peoples of the earth to stand by the Palestinian cause against the lying imperialist propaganda of the Zionist international. Down with *Schindler's List*, down with holocaust propaganda, long live Free Palestine.
